Lasallian Youth Service Immersion Trip:

Touching Hearts, Changing Lives.

M.C.C. App Build
Mon, June 7, 2027 – Sat, June 12, 2027
Informational Packet

What will we do at App Build?

App Build provides all food and lodging once participants are on site. App Build pre-selects all clients and work projects, ensuring all materials and necessary tools are available as needed. App Build staff will facilitate evening worship and study sessions and seek to engage participants.

What are the accommodations like?

We will be staying at a relatively modern church. We are given mattresses to sleep on during our stay, and the students share a common room. The church has ping-pong, air hockey, and a basketball court. There are several individual shower stalls. The facilities are air-conditioned.

Expectations

We expect all students to act appropriately and maturely at all times. We are representing our families, our parishes, and ourselves, and we will represent them well. All student participants will be expected to read and sign off on our rules of participation at a future LYSIT preparation meeting.

Necessary Preparations

- Application
- Release Forms
- Deposit of $100.00
- Meetings (4)
- Fundraisers (optional)

Projected cost per participant: (based on previous LYSIT costs)
